Principal: Hannah Fahey

Dear Parent/Carer,

05 December 2023

As you are aware, for KS3 English, students complete their English home-learning via the online Learning platform – Bedrock Learning. All students have been given their username and passwords to access their area. Students are asked to spend at least 20 minutes on Bedrock Learning a week and complete a minimum of 20 points but can do more should they wish.

Should students have issues accessing the internet at home, they are able to use the library's computers before and after school, as well as during break and lunch. Additionally, there is an afterschool home-learning club in IT4, where students can access more computers to complete their English homework.

Bedrock is an amazing vocabulary learning website which has a tailored curriculum for each student, in order to support their vocabulary acquisition. It is vital this is completed weekly to support your child's reading age, oracy, and writing skills. To support with the completion and home-learning to better the reading age of students, home-learning is tracked and repeat non-completion will result in home-learning reports, where home-learning club will become compulsory to complete Bedrock home-learning.

If you have any questions regarding Bedrock Learning, please contact me or your child's English teacher.

Thank you for your support.

Yours faithfully

Mrs Kingcome

Teacher of English/Literacy Co-ordinator
