This trip has been organised to offer students a memorable and enjoyable experience, and we expect all students to demonstrate excellent behaviour and represent the school positively throughout the day.

We have the highest expectations of student behaviour at St Mark's. Therefore, students are expected to conduct themselves in line with our values and ensure they uphold the rigorous standards that we expect of them, at all times, reflecting those rules outlined in our school's behaviour policy. As per the communication to families last Friday, 06 March, students who fail to meet our expectations relating to behaviour – including punctuality and truancy – will not be permitted to attend off site trips.

Please ensure the school is made aware of any recent changes to medical conditions suffered by your child and that the school has access to suitable, and up to date, medication as necessary to enable your child to attend this visit safely.
